

The Unified Framework for the Graviton Pressure Theory

By Shareef Ali Rashada · Lulu · 2025

Gravity as a pressure from the medium of space, with a named physical mechanism, the mathematics and proposed tests, in thirty parts. An open invitation to researchers working on space as a medium, from analogue gravity to superfluid vacuum.

Edition	ISBN	Notes
Hardcover	978-1-326-48805-5	

Subjects: Science · Physics · Gravity

Audience: Readers of popular and alternative physics; students; researchers

Why readers borrow it

- A complete, testable framework with its open problems stated, not hidden.
- All thirty parts are also free online, so the library copy serves readers who study in print.
- By an author and researcher based in Queensland, Australia.

Ordering

Print editions are distributed worldwide through Ingram (Lulu Global Distribution): order by ISBN from Ingram Library Services or your usual supplier. Australian and New Zealand libraries: ask your supplier to source by ISBN, or contact us for direct supply.
